

With the 2026 Assembly election approaching, West Bengal is currently undergoing the Special Intensive Revision (SIR) of the voters' list. Against this backdrop, the ruling Trinamool Congress has adopted an increasingly cautious approach to maintaining communal harmony and social unity across the state. In an effort to reinforce its message of peace and solidarity, the party is preparing for a large public gathering on December 6, marking Sanghati Divas (Harmony Day). Sources indicate that Trinamool Congress supremo Mamata Banerjee and the party's All India General Secretary Abhishek Banerjee are likely to be present at the solidarity rally scheduled to be held on Mayo Road in Dharmatala. The responsibility of organising the event has been entrusted to the party's youth wing, student wing, and minority front. **PG 3**

## Bangladesh remains calm but tense as Awami League calls shutdown after Hasina's death sentence verdict

**MI News Service, Dhaka / New Delhi :** A day after former Prime minister Sheikh Hasina and his ex Home minister were sentenced to death by a Tribunal, Bangladesh remained calm but tense on Tuesday as security forces kept a round the clock vigil and tight grip on the streets across major cities, in the wake of the Awami League's call for a "nationwide total shutdown" to protest the death sentences.

**Bangladesh under tight security as Awami League calls shutdown after Hasina verdict.**

Though no incident of violence has been reported, the movement of traffic in Dhaka and other major cities stayed thin and public movement was limited amid fears of possible unrest following Monday's high-profile verdict. "The movement of vehicles and the overall transport flow is thin as the people preferred to stay indoors," a transport operator in Dhaka said. Many offices and educational institutions also recorded low attendance as most people preferred to stay away from their workplaces amid uncertainty. Heavily armed police,

Rapid Action Battalion personnel and paramilitary units continued round-the-clock patrols, especially around government buildings, party offices and key intersections. Authorities kept security cordons in parts of the capital, while checkpoints and barricades re-

mained in place. Hasina's Awami League party, in a statement posted on social media on Monday, called for a "nationwide total shutdown" on Tuesday in protest against Tribunal's verdict. It has also called for "nationwide demonstrations, protests,

and resistance" from Nov 19-21. "Our systematic democratic movement will continue until the fall of the illegal, unconstitutional government of killer-fascist (Muhammad) Yunus and the restoration of a democratic state system," the

charges as "biased and politically motivated" and said the judgment has been made by a "rigged tribunal" established and presided over by an "unelected government with no democratic mandate".

Meanwhile, Bangladesh's infrastructure minister said, "The movement of vehicles and the overall transport flow is thin as the people preferred to stay indoors --transport operator in Dhaka

statement said. The party termed the verdict "politically motivated", "malicious, retaliatory, and vengeful". Hasina, 78, was on Monday sentenced to death in absentia by Bangladesh's International Crimes Tribunal (ICT) for "crimes against humanity" over her government's brutal crackdown on student-led protests last year. It also handed the death sentence to former Home minister Asaduzzaman Khan Kamal on similar charges. Hasina has been living in India since she fled Bangladesh on August 5 last year in the face of the massive protests. Commenting on the verdict, Hasina denied the

termin government has warned all print, electronic and online media outlets to refrain from reporting statements issued by "convicted and fugitive" deposed Prime minister Sheikh Hasina, citing concerns over national security and public order. The National Cyber Security Agency (NCSA) in a press release issued last night claimed that Hasina's statements may contain directives or calls capable of inciting "violence, disorder and criminal activities" and disrupting social harmony. "We urge the media to act responsibly in the interest of national security," the release said.

## Mamata pays tributes to Zubeen Garg on his birth anniversary remembers his musical legacy

**MI News Service, Kolkata :** West Bengal Chief Minister Mamata Banerjee on Tuesday paid rich tributes to singer Zubeen Garg on his birth anniversary, remembering his immense contribution to the music industry. Mamata Banerjee described Garg as a "versatile musical genius" whose music "transcends boundaries". The Chief minister highlighted the impact of the artist's work, which has resonated with music lovers across India and beyond, transcending regional and linguistic barriers. "Remembering the versatile musical genius Zubeen

Garg on his birthday. His music transcends boundaries," Mamata Banerjee posted on X this morning. Garg, who was known for his soulful voice and ability to blend various musical genres, has been a beloved figure in the Indian music scene, particularly in Assam, where he is hailed as a cultural icon. His legacy spans a wide range of songs in multiple languages, including Assamese, Hindi, and Bengali. Garg died on September 19 while swimming in the sea in Singapore, where he was scheduled to perform at an event.

## Nitish Kumar recommends dissolution of Bihar Assembly

**Bihar Chief Minister Nitish Kumar and Governor Arif Mohammad Khan**

**MI News Service, Patna :** The outgoing Bihar Chief Minister Nitish Kumar was "authorised" to recommend dissolution of the current assembly in the last cabinet meeting of the NDA government in the state on Monday, official sources said. A resolution to this effect was unanimously passed in the meeting, which lasted for only about 10 minutes under the chairmanship of Nitish Kumar, they said. "The Chief minister met Governor Arif Mohammad Khan soon after the meeting to apprise him of the cabinet

claim for the formation of a new government under his leadership on the basis of a landslide victory of NDA in the just concluded elections. Prior to this, Nitish Kumar will be formally elected as leader of the NDA legislature party. Both Bharatiya Janata Dal and Janata Dal (United) have convened their legislature party meetings to pave the way for the installation of a new NDA government in the state. For the purpose, he will be elected as NDA legislature party leader. Bihar BJP president Dilip Jaiswal said that Nitish

The Chief minister met Governor Arif Mohammad Khan soon after the meeting to apprise him of the cabinet decision about the dissolution of the Assembly. **official sources**

decision about the dissolution of the Assembly. On November 19, Chief minister Nitish Kumar will formally submit his resignation to the Governor as head of the outgoing government as per the convention" official sources said. Nitish Kumar is set to take oath of office of the Chief minister of Bihar for a record 10th time since 2005. Swearing-in ceremony is likely to be held at Gandhi Maidan on November 20, which will be attended by Prime Minister Narendra Modi and other dignitaries, including several union ministers and chief ministers of BJP ruled states. Once the assembly is dissolved by the Governor, Nitish Kumar is expected to tender his resignation as head of the outgoing government before staking fresh

Kumar will take oath as CM again. "Preparations are underway at Gandhi Maidan for the oath taking ceremony to be held there. Prime Minister Narendra Modi is also expected to attend the swearing-in ceremony," he told the media. After the election results, leaders of coalition partners met Nitish Kumar at his official residence in Patna to discuss formation of the new government. There has been speculation that several new faces may be inducted as ministers in the new cabinet under Nitish's leadership. Former Deputy Chief minister and senior BJP leader Tarkishore Prasad told the media that BJP's legislature party meeting would be held on Tuesday to elect Nitish

**A review meeting on the progress of SIR-2026 with the DEOs and EROs of Kolkata North and South districts was held in the presence of Gyanesh Bharati, IAS, Sr. DEC, ECI, and Manoj Kumar Agarwal, IAS, Chief Electoral Officer (CEO), West Bengal, in Kolkata on Tuesday.**

## ED raids Al Falah University linked persons in Delhi blast

**MI News Service, New Delhi :** The Enforcement Directorate on Tuesday conducted simultaneous raids and searches in Delhi-NCR against the trustees and promoters of Al Falah University of Faridabad, which has become the focal point in last week's car blast case near the Red Fort, official sources said. Multiple teams of the federal probe agency raided at least 25 premises of the Al Falah trust and University establishment since 5:15 am this morning, the sources said.

**Media persons outside the Al Falah School of Medical Sciences and Research Centre, in Faridabad, Haryana. The Enforcement Directorate on Tuesday launched searches against the Al Falah University of Faridabad and linked persons as part of its investigation related to the Delhi blast case.**

Teams of the agency raided an office location in Delhi's Okhla area with a security cordon being provided by the police and paramilitary forces. Fifteen persons

have so far been killed and 30 injured in the blast that took place on November 10 near the iconic monument in Delhi and the role of a number of doctors linked to the

University and in Kashmir is under the scanner of the anti-terror probe agencies.

"The operation forms part of an ongoing investigation into financial irregularities, use of shell companies, accommodation entities and money laundering. The role of Al-Falah Trust and related entities is now also under investigation," an ED official said. The official said "key" personnel overseeing finance and administration of the trust and the University have also been covered in the raids. The agency has taken cognisance of the first information reports filed by the NIA and the Delhi Police in the case. Till now, the NIA

## Madhya Pradesh HC grants relief to Abhishek Banerjee in defamation case

**MI News Service, Bhopal / Kolkata :** In a major development All India Trinamool Congress General Secretary Abhishek Banerjee, MP, has been granted relief by the Madhya Pradesh High Court in a defamation case filed against him in 2021 by former Madhya Pradesh BJP MLA Akash Vijayvargiya.

A single-judge bench of the Madhya Pradesh High Court in Jabalpur has stayed the arrest warrant issued against Abhishek Banerjee by the Bhopal Court for non-appearance during the trial of the defamation case. While staying the arrest warrant on Tuesday, Justice Pramod Kumar Agarwal of HC's principal bench in Jabalpur, also issued notices to all parties in the case, including the complainant in the defamation case, former Indore-III MLA Akash Vijayvargiya. Akash Vijayvargiya is the son of Kailash Vijayvargiya, the former BJP National General Secretary and senior most cabinet minister in Dr Mohan Yadav-led MP government. The matter will next be heard by the MP High Court on December 8.

Back in November 2020, while addressing a public meeting in Kolkata, Abhishek Banerjee, the TMC MP from Diamond Harbour Lok Sabha seat, had allegedly referred to then MP BJP MLA Akash Vijayvargiya, as a "goon." Taking objection, Akash had lodged a defamation complaint in April 2021. The MP/MLA Court in Bhopal began hearing the case from May 1, 2021. But owing to Abhishek Banerjee's continued non-appearance before the court in the case, the Bhopal special court had issued the arrest warrant against him for the August 11 and August 26 hearings in the case. The TMC MP subsequently moved the MP High Court against the arrest warrants issued against him by the special Bhopal court's judge, Judicial Magistrate Tathagat Yagnik. While hearing Banerjee's petition, the HC reserved the order on November 12 and granted him relief by staying the execution of the arrest warrant issued by the Bhopal court. The HC also issued notice to the respondents, including the complainant in the defamation case Akash Vijayvargiya and posted the matter for next

## Those doing business with Russia will be 'very severely' sanctioned: Trump

**MI News Service, Washington (DC) :** US President Donald Trump has warned that any country that does business with Russia will be "very severely sanctioned", as his administration and Republican lawmakers push ahead with tough legislation targeting Moscow. Responding to questions from reporters on whether it was time for Congress to pass measures aimed at pressuring Russia and President Vladimir Putin, Trump said on Monday "I hear they're doing that, and that's okay with me." "They're passing legislation... the Republicans are putting in legislation... very tough sanctioning... on any country doing business with Russia. They may add Iran to that... I suggested it," he said.

"So any country that does business with Russia will be very severely sanctioned. We may add Iran to the formula," Mr. Trump reiterated. The Trump administration has imposed 50% tariffs on India, among the highest in the world, including 25% levies for its purchases of Russian energy. A Bill introduced by Senator Lindsey

Graham has proposed a 500% tariff on the secondary purchase and reselling of Russian oil. The proposal has 85 cosponsors in the Senate. "President Trump and his

## Residents cry foul over camp decay

**MI News Service, Cooch Behar:** Six years after its construction, the Haldibari settlement camp in Mekhliganj subdivision stands as a grim picture of decay and neglect. Built for former enclave dwellers at a cost of several crores, the houses now show alarming signs of deterioration—walls cracked and damp, roofs caved in, door frames eaten away, and plaster peeling off in chunks. Residents allege that poor construction and administrative apathy have pushed them into unlivable conditions. In 2015, ninety-six families from erstwhile Indian enclaves inside Bangladesh were relocated to India under a bilateral land exchange agreement. They were initially housed at a temporary camp in Haldibari Agricultural Farm before being shifted in 2019 to permanent quarters at Kasia Bari Tentultala under Uttar Baro Haldibari gram panchayat.

Tuesday, over 600 people live in the camp. But what was meant to be a symbol of rehabilitation has turned into a symbol of systemic rot. Camp residents, including Bharati Roy, Jadu Barman, and Rekha Roy, lament that their houses are collapsing within a few years of occupancy. "The walls are breaking, the doors are hollow, and the roofs leak during rain. We reported it many times, but nothing has been done," said one of the residents. With plaster falling and insects in-

festing the wooden fixtures, the settlement has become unsafe and unsanitary, triggering protests and deep frustration among the families. The opposition has stepped up its attack, alleging massive corruption in the construction process. "The camp was built with substandard materials. We raised concerns repeatedly during construction, but no one paid attention. The central government sanctioned crores for this project—every rupee has been looted," claimed Pradeep Sarkar, BJP's Haldibari Town Mandal president. Leaders of the ruling front have, however, rejected the charges. Amitabh Biswas, Haldibari Town Block president, said, "The allegations are baseless. The project was monitored by both district administration and central representatives at the time of implementation." Mekhliganj Sub-Divisional Officer Annu Kumar Mandal stated that the flats were formally handed over to the residents, who are now responsible for their upkeep. Meanwhile, Jalpaiguri MP Dr. Jayant Kumar Roy expressed strong dissatisfaction over the condition of the camp, blaming administrative inefficiency and political misuse for the decay. As the settlement crumbles amid growing allegations, the once-promised dream of dignified rehabilitation for enclave returnees lies buried under broken bricks and bureaucratic silence.

## Provocative Remark at Bolpur SIR Meet Triggers Tension

**MI News Service, Birbhum:** A remark made during a voter list revision meeting in Bolpur's Supur village has stirred political tension across the district. Trinamool Congress leader Babu Das allegedly made a provocative statement in the presence of local MLA Chandranath Singh, warning that any attempt to exclude legitimate voters would invite extreme retaliation. The incident took place on Monday during a public meeting organized as part of the statewide Special Intensive Revision (SIR) of the electoral roll. MLA Chandranath Singh, who was the chief speaker, had attended to encourage coordination between party workers and officials overseeing the revision process.

However, Babu Das, a known local functionary and supporter within the MLA's circle, reportedly took the microphone and made an incendiary comment against members of the opposition. According to eyewitnesses, the leader said, "If any valid voter's name is struck off and the Chief Minister gives an order, I will take them to the crematorium and float them in the Ajay River." The statement instantly drew attention among party workers and triggered sharp criticism from the opposition. The BJP's Birbhum district leadership condemned the comment, calling it a direct threat to party workers. District president Shyamapad Mandal said, "These statements reflect arrogance. The voter list revision is done by the Election Commission, not any political party. Making such threats shows how desperate they have become." Within the ruling camp, senior leaders have chosen to downplay the controversy, calling for restraint in public statements as the revision process continues across Bengal. Party insiders indicate that the leadership may seek a report on the incident. The ongoing

Special Summary Revision is a routine electoral process conducted under the supervision of the Election Commission to update and verify voter lists. However, the verbal outburst in Bolpur has introduced a political flashpoint that both camps are now using to sharpen narratives ahead of the election season.

## 'Only Leader Can Remove Me': Egra Chairman

**MI News Service, Egra:** A fresh round of infighting has erupted within the ruling camp in East Medinipur as Egra Municipality Chairman Swapan Nayak openly defied a directive from the district leadership to step down. The chairman has made it clear that he will resign only if the state's top leader himself instructs him to do so, a stand that has triggered tension and speculation within the organization.

According to party sources, the East Medinipur organizational district committee recently handed an order to the Egra municipal body, directing both Chairman Swapan Nayak and Vice-Chairman Soma Chakraborty to resign within a week. The deadline expired on Monday, yet no resignation letter

Protesting teachers and SLST 2016 candidates from the Joggo Shikhhok Shikhhika Adhikar Manch took part in a rally demanding permanent jobs during their march to Bikash Bhavan, Salt Lake, in Kolkata on Tuesday.

## Did a Second Marriage, Yet Returned Home After 28 Years Amid SIR Pressure for Documents

Suman Ganguly

He left home 28 years ago in the name of work. Even went on to marry a second time. But ultimately, it was the ongoing SIR process and the need for identity documents that brought back Jogbandhu Mondal to his home in Bagda after nearly three decades. Saying he was "going to work," Jogbandhu had left for Gujarat 28 years ago with a few local residents. While the others eventually returned, Jogbandhu never came back. His family searched for him for years, but no trace was found. Finally, on the advice of an astrologer, the family performed his last rites two

years ago. But on Sunday, the "dead" man walked back home — after 28 long years. And it was the SIR process that reunited the elderly Jogbandhu with his family. To remain a citizen, documents are essential — and that need brought him back to his wife and children. The family and relatives were stunned to see him alive. Jogbandhu had gone to Gujarat in search of work, leaving behind his wife and two children. While everyone else returned, he never did. The family kept waiting, visiting sorcerers and astrologers in hope, but nothing helped. In between, the family heard that Jogbandhu had

remarried and started a new life in Bankura. Yet they still couldn't trace him. On Sunday morning, driven by the need to collect documents for the SIR process, Jogbandhu suddenly returned to his Bagda home. According to him, "My name isn't in the 2002 voters' list. Out of fear, I came back to search for my father's documents. I had left all the papers here." Jogbandhu, however, denies the second marriage: "I didn't marry again." But electoral records tell a different story — in the voters' list, beside the name of a woman named Sulekha Mondal, Jogbandhu is listed as her husband.

## Corrigendum

In photo caption on "Ramakrishna Sarada Mission Matri Bhavan", published in page two on November 18, 2025 edition, the designation of Swami Gautamananda ji Maharaj was unintentionally mentioned wrongfully, as his correct designation is the President of Ramakrishna Math and Mission, and not "the Vice-President of the Ramakrishna Math and Mission."

## McDowell's & Co. X Series brings 'The Flavour Studio Takeover'

**MI News Service, Kolkata:** McDowell's & Co. launched 'The Flavour Studio Takeover' in Kolkata on November 13th and 14th, following its success at India Cocktail Week. The event featured a session for bartenders on modern bar technologies and showcased renowned mixologists Arnold Hou and Gautham. Vikram Damodaram from Diageo India highlighted the initiative's aim to redefine cocktail culture in India, with X Series offering a variety of vodkas, gin, and rums available nationwide.

## Baby snatched from bus

**MI News Service, Bhangarh:** A six-month-old infant abducted from Phoolbagan Children's Hospital on Monday morning was rescued within hours after a joint operation by Phoolbagan and Uttar Kashipur police. The accused woman, identified as Shyamoli Mandal alias Sabina Bibi of Nibudha village in Bhangarh, was arrested the same evening. According to police sources, the baby, Mahir Molla, son of Monirul Molla and Manjila Bibi of Gowalia village in Bhangarh, had been suffering from fever and cold.

On Monday morning, his mother took him to Phoolbagan Hospital by bus, where she met the accused woman, who introduced herself as a nurse. During the journey, the woman struck up a friendly conversation and later offered to hold the baby while the mother purchased medicines from a nearby shop. When Manjila returned, both the child and the woman had vanished.

## NABARD Hosts State Cooperative Conclave

**MI News Service, Kolkata:** NABARD West Bengal organised the State-Level Cooperative Conclave at Taj Taal Kutir, Eco Park, Kolkata, to mark the UN-declared International Year of Cooperatives 2025. Over 150 policymakers and cooperative leaders participated under the theme "Cooperatives Build a Better World." A Coffee Table Book on West Bengal's cooperative achievements was released. Key speakers, including Hon'ble Minister Pradip Kumar Mazumdar and NABARD CGM P.K. Bhardwaj, highlighted the importance of digitisation, innovation, and transparency. Best-performing DCCBs and PACS were felicitated for excellence in technology adoption. The conclave concluded with a call to strengthen governance, accelerate digital transformation, and enhance youth participation.

## TAFE Tractors EV

**MI News Service, Kolkata:** At Agritechnica 2025, TAFE launched the TAFE EVX75, an electric hybrid tractor, and celebrated the TAFE EV28's nomination for the "Tractor of the Year (TOTY) 2026" Award in the Sustainable Tractor Category. The company presented various tractors, including the 100 HP TAFE 1015 and the 74 HP TAFE 7515 GE for orchards. TAFE aims to become a leader in the sub-100 horsepower market, investing significantly in AgTech and automation.

## Probe Intensifies After Third Trawler Intercepted

**MI News Service, Fraserganj:** Rising tension along the Bay of Bengal coastline has pushed the coastal administration on high alert after a third Bangladeshi trawler was detained within three days. The latest interception late Monday night led to the arrest of 24 Bangladeshi nationals from a trawler named Noor-e-Madina, taking the total number of detainees to 79 since Sunday. According to Coast Guard sources, the vessel was first spotted exhibiting suspicious movement near the international maritime boundary in the Sundarbans region.

The trawler reportedly crossed into Indian waters before being intercepted and escorted to the Fraserganj fishing port. The arrested men, claiming to be fishermen, were handed over to the local police for detailed interrogation. Officials are now examining whether those arrested have any links with the groups detained in the past two days. "We are probing possible connections and verifying their documents and motives," said a

senior district police officer. The pattern of back-to-back interceptions has raised apprehension within security circles about larger cross-border activity under the guise of fishing. On Sunday, 29 Bangladeshis were detained with a similar vessel, followed by another trawler with 26 persons on Monday. Each vessel was charged with violating international maritime limits and entering Indian territory illegally. Intelligence sources suggest heightened movement on the other side of the border in recent weeks, prompting intensified surveillance by the Coast Guard, police, and BSF units. Amid the growing strain between the two sides over recent developments, authorities have stepped up coastal patrolling from Bakkhali to Sagar Island. Marine radar monitoring and intelligence coordination have been expanded to pre-empt any further intrusion. Meanwhile, the political atmosphere remains charged as questions mount over repeated infiltration attempts ahead of the election season.

## State-Level Sports Deferred, Sparks Political Clash

**MI News Service, Medinipur:** The state-level annual sports competition organized by the West Bengal Primary School Education Board has been postponed, triggering political tension across the district. The decision comes in the midst of the ongoing Special Summary Revision (SIR) of voter lists, which has engaged a large number of primary school teachers as Booth Level Officers (BLOs). According to official sources, a notice issued to District Primary School Councils (DPSCs) across Bengal directed that the scheduled competition—originally planned between November 17 and December 6—stand deferred until further announcement. West Midnapore DPCSC Chairman Animesh Dey confirmed receipt of the directive, citing the SIR duties of teachers as a key reason behind the postponement. "The majority of primary teachers are currently engaged in BLO work for the voter list revision. Balancing that along

with routine school duties would have made participation difficult," Dey said. While the administrative explanation has been accepted by sections of the teaching community, the political fallout has been swift. Opposition leaders alleged that the decision exposes contradictions in the ruling establishment's approach. "On one hand, they are misleading people over SIR; on the other, they are canceling state programs using it as an excuse," said a BJP functionary, calling the postponement evidence of "distorted priorities." Ruling party leaders, however, defended the move. Trinamool leader Buddhadeb Mandal stated, "The government has taken this decision responsibly, keeping in mind that BLOs engaged in SIR work should not be overburdened. It is meant for their well-being, not politics." The West Bengal Primary Teachers' Association (WBPTA) welcomed the postponement, calling it a practical step.

## Dr. Sahidul Haque Mondal Awarded Honorary Doctorate in Environment by Louisiana University

**MI News Service, Basirhat:** In a distinguished recognition of his contributions to environmental and sustainable development, Dr. Sahidul Haque Mondal has been conferred an Honorary Doctorate in Environment by Louisiana University, USA. The prestigious honor marks a significant milestone in his academic and research journey and highlights his impact on environmental awareness and policy advocacy.

According to official sources, the Honorary Doctorate was granted based on the recommendation of the Honors Nomination Advisory Committee and was formally approved by the Senate and Executive Council of Louisiana University Inc., Lafayette. The certificate bearing the number LU/PR/2025/2240 was issued on October 28, 2025, and formally recognizes Dr. Mondal as a Doctorate in Environment, granting him all privileges and honors associated with the degree.

## Outstanding Research Work by Dr. Debansu Chatterjee

**MI News Service, Kolkata:** Ethical & Conscious Artificial Intelligence in this era of digital disruption from the light of Dharma, Karma, Atman and Panini is a research work by Dr. Debansu Chatterjee, Associate Professor, Swami Vivekananda Institute of Modern Science.

In an era of fast digital disruption, Artificial Intelligence (AI) has emerged as both a transformational force and an ethical problem. While technology promises extraordinary progress, it also poses fundamental moral, social and existential concerns about consciousness, accountability, and the nature of being. This study examines Ethical and Conscious AI through the prism of Dharma, Karma, Atman and Paini's linguistic understanding, pillars of the Indian philosophical tradition. According to Dharma, AI must function with righteousness and moral order, ensuring that its development and implementation are compatible with human happiness and ecological balance. Karma emphasises the

University authorities stated that Dr. Mondal has played a transformative role in promoting climate education, ecological conservation, and sustainable development practices. His initiatives and research are said to have influenced policy dialogues and community-driven environmental movements, particularly in vulnerable and rural areas of West Bengal. Speaking about the recognition, university representatives expressed that the award reflects the institution's commitment to honoring individuals whose work contributes to global environmental welfare. They added that Dr. Mondal's dedication and leadership demonstrate the type of impactful research the university seeks to support. Local academic and social circles have also celebrated the honor, calling it a matter of pride for the region. As environmental challenges continue to intensify worldwide, Dr. Mondal's international recognition is expected to further strengthen environmental initiatives and inspire future researchers.

notion of cause and effect, reminding us that every technical action has ramifications that extend beyond civilisations and generations. Thus, both developers and users bear moral responsibility for the consequences of AI systems. The concept of Atman, which represents inner consciousness, promotes the use of AI not only for efficiency but also for enhancing awareness, empathy and self-regulation. Paimi's rule-based approach to Sanskrit grammar parallels machine learning and language computation architectures. His accuracy, logic, and emphasis on the moral goal of communication offer timeless insights for developing AI systems that are both intelligent and ethical. By combining these philosophical ideas, this paper argues for a holistic AI model that is sentient, empathetic, and dharmic—a model that goes beyond algorithmic intelligence to incorporate moral intelligence. In doing so, it envisions a future in which technology and spirituality work together to maintain human dignity, social peace and universal well-being. Dr. Debansu Chatterjee is also working as Senior Research Adviser for Research Programs of MSME, Govt. of India. He holds 12 patents as a Management Scientist. In addition to his roles as Guest Faculty at the Bhanuipur Gujrati Education Society Kolkata, the GLF Business School Kolkata and the Institute of Management Studies in Mukundapur, Kolkata, he holds a Doctor of Philosophy in Management from Seacom Skills University.

## Daylong Workshop on Presentation Skills Held at City of Joy International School

**MI News Service, Kolkata:** A daylong workshop aimed at enhancing presentation skills and communication abilities among students was organised on Monday at City of Joy International School in Purba Katalia, Bhangarh. Students from several remote schools across South 24-Parganas took part in the training programme. The objective of the workshop was to teach children the basics of creating effective presentations, communicating clearly and expressing their thoughts with confidence. "We want our students to improve their communication abilities and learn to present their views with self-assurance. That is why we arranged this programme," said Bulbul Hossain, a teacher of the host school. The inaugural session was attended by Advocate and Bangabhushan awardee M.A. Wahab, Director of Sundarban SHIS

(Southern Health Improvement Society); Prof. Sudipta Bhattacharya of Rabindra Bharati University; SHIS president Sabitri Pal; Palash Ganguly, headmaster of Kishore Bharati School; teachers Yasmin Banu and Arbind Mondal; and Switzerland-based social worker Estee L. Habegger. Prof. Bhattacharya emphasised the

importance of such training in contemporary education. "Building confidence, developing skills in data collection and analysis, learning to use technology efficiently, and the ability to work in teams—these are essential for today's students. This workshop is a significant step in that direction," he said. Reflecting on the changing

academic landscape of Bhangarh, Advocate Wahab noted, "There was a time when Bhangarh evoked a different image. But today, the state can be proud of the students here. The way our children prepared and presented their topics—ranging from nature and environment to science, technology and politics—is truly commendable." The workshop witnessed enthusiastic participation, an energetic atmosphere and active involvement from teachers. According to the school authorities, similar training initiatives will be organised regularly. Students who delivered standout performances included Aishi Islam of Kishore Bharati School; Shreyoshi Mondal of Howard Memorial School; Mahadi Hasan of M.S. Academy; Anjum Farhad of Paraspadam Mission; and Sohan Molla of SHIS Shishu Bikash Academy, teacher Bulbul Hossain said.

**ECI Team Reviews SIR Progress in Bengal; CEO Warns Against Fake OTP Scam**

**MI News Service, Kolkata:** A team from the Election Commission of India (ECI), led by Senior Deputy Election Commissioner Gyanesh Bharti, arrived in Kolkata on Tuesday to review the ongoing Special Intensive Revision (SIR) process in West Bengal, will visit several districts during his stay. "The team will be reviewing the progress of the SIR exercise across multiple districts," the official said, adding that a meeting with state poll authorities was scheduled for Tuesday afternoon. During the visit, ECI officials will also hold discussions with District Election Officers (DEOs), Electoral Registration Officers (EROs), and other polling personnel. According to the state Chief Electoral Officer's (CEO) office, the purpose of the visit is to ensure the revision remains transparent, accurate, and unbiased. Meanwhile, the CEO's office issued a strong advisory clarifying that no OTP (One-Time Password) is required for any SIR-related work. The press release emphasised that neither the national Election Commission nor the state CEO office asks for OTPs—whether for the Special Intensive Revision or for voter list corrections.

The clarification came after several complaints that fraudsters, posing as election officials, were sending OTPs to mobile numbers and calling citizens, claiming the OTP was needed for SIR verification. Many unsuspecting voters reportedly shared the fake OTPs. Authorities suspect this is part of a scam aimed at financial fraud. "For public awareness, it is reiterated that the Election Commission of India and the Office of the Chief Electoral Officer, West Bengal, do not ask for any OTP for SIR or voter list correction," the advisory read. In a separate development, the National Election Commission held a meeting regarding the ongoing SIR across 12 states. West Bengal's Chief Electoral Officer Manoj Kumar Agarwal submitted a detailed report on the progress.

**Madhya Pradesh HC grants relief to Abhishek Banerjee in defamation case**

**From PG 1** hearing on December 8. In the High Court, Abhishek Banerjee's counsel argued that the statement made by the TMC MP at the public rally in Kolkata in November 2020, was misinterpreted and sensationalised for filing the defamation case. While seeking stay on the arrest warrant, the petitioner's counsel argued that he was a sitting MP and there was no possibility of him absconding. He had filed an application with the MP-MLA Court seeking exemption from personal appearance, but the Bhopal court did not consider the application and issued an arrest warrant.

**TMC to Hold Major Rally on Dec 6**

**MI News Service, Kolkata:** With the 2026 Assembly election approaching, West Bengal is currently undergoing the Special Intensive Revision (SIR) of the voters' list. Against this backdrop, the ruling Trinamool Congress has adopted an increasingly cautious approach to maintaining communal harmony and social unity across the state. In an effort to reinforce its message of peace and solidarity, the party is preparing for a large public gathering on December 6, marking Sanghati Divas (Harmony Day). Sources indicate that Trinamool Congress supremo Mamata Banerjee and the party's All India General Secretary Abhishek Banerjee are likely to be present at the solidarity rally scheduled to be held on Mayo Road in Dharmatala. The responsibility of organising the event has been entrusted to the party's youth wing, student wing, and minority front. In a video message released on Tuesday, party spokesperson and state general secretary Jay Prakash Majumdar stated, "Every year, December 6 is

observed as Sanghati Divas, and this is our constitutional right. This year too, the same practice will be followed. Our student, youth, and minority wings are

jointly organising the programme, and we will all participate in it." According to party insiders, the Trinamool leadership is placing significantly more emphasis on this year's observance compared to previous years. Mean-

while, the SIR process is underway across the state, and the final voters' list is expected to be published in the first week of February. The BJP has repeatedly claimed that infiltrators in Bengal must be removed from the list. According to the party, names of bogus voters and individuals who allegedly obtained citizenship in exchange for Aadhaar cards are expected to be struck off during the revision. BJP leaders have further argued that the citizenship of many Bangladeshi Muslims in the state may come under scrutiny. Amid such politically charged rhetoric, the Trinamool Congress is determined to prevent any attempt at provocation or communal tension. The December 6 rally is being viewed as part of the ruling party's strategy to promote unity and counter any narrative that could lead to discord. All eyes are now on the event, particularly the speeches of Mamata Banerjee and Abhishek Banerjee, which are expected to carry significant political weight in the current climate.

**Fire Breaks Out at Visva-Bharati's Bhasa Bhavan Separate Blaze Claims One Life in Howrah**

**MI News Service, Kolkata:** A fire broke out at the Bhasa Bhavan building on the Visva-Bharati University campus on Tuesday morning, fire brigade sources said. No injuries were reported in the incident. One fire tender was dispatched to the spot and fire personnel successfully extinguished the blaze, which erupted on the first floor of the building around 9:30 am, shortly before classes were scheduled to begin, according to media reports.

Officials said the fire originated from an air conditioner unit on the first floor. Security personnel present at the time managed to contain the flame initially and immediately alerted the fire brigade. The electric supply to the affected section was promptly cut off by university security to prevent further escalation. Fire department officials said the exact cause of the blaze is still under investigation. Classes resumed later in the day after the fire brigade conducted a thorough safety inspection and declared the building safe. Electricity was also restored to the affected part of Bhasa Bhavan, a central university official confirmed. In a separate incident, a man died after a major fire broke out at a mo-

torcycle garage in Maurigram, Andul, in Howrah on Tuesday, triggering panic across the locality. Residents described the blaze as sudden and fierce, spreading rapidly before fire tenders could reach the site. Locals reported seeing flames erupt from the garage in the afternoon, followed by thick black smoke that quickly enveloped the neighbourhood, forcing people to evacuate their homes. Firefighters battled the blaze for several hours before bringing it under control.

Residents have alleged that the garage was being used to store an illegal stock of fuel, which may have intensified the fire. They claimed large quantities of oil were kept inside the premises. While officials

have not yet confirmed these allegations, fire department sources said the severity of the blaze suggested the presence of flammable materials. One person inside the garage at the time of the fire sustained critical burn injuries. He was rushed to a nearby hospital, where he later died. Police have cordoned off the area and launched an investigation into the incident. The garage owner is expected to be questioned. Worried residents have demanded a comprehensive probe, claiming such illegal fuel storage has been taking place for a long time. The incident has left the neighbourhood tense, with locals fearing further hazards if the alleged unlawful activities continue.

**Elderly Woman Dies in Kolkata After Alleged Panic Over SIR Process**

**MI News Service, Kolkata:** A tragic incident unfolded in South Kolkata's Kudghat area, where an elderly woman, identified as Jamuna Mondal, reportedly died after setting herself on fire, allegedly driven by fear related to the ongoing SIR process. She later succumbed to her injuries at M.R. Bangur Hospital, police said. According to police and local sources, the incident occurred in Ward 114, sending shockwaves through the neighbourhood. Jamuna, a long-time resident of the Dhalai Bridge-Purbapuri New Pally Udayachal area, lived with her son, Mritunjay Mondal. With the SIR verification process underway and BLOs visiting households with forms, the family claimed that Jamuna did not receive an SIR form, which triggered heightened anxiety. Family members alleged that her fear intensified over the days, pushing her into extreme distress. Inside her home, Jamuna allegedly set herself ablaze. Neighbours alerted the police, and she was rushed to M.R. Bangur Hospital in critical condition, where she later died. Police have sent the body for post-mortem and initiated a probe. A pall of gloom has descended on the locality.

**MCCI Hosts Session with Rajiva Sinha**

**MI News Service, Kolkata:** Merchants' Chamber of Commerce & Industry organised an Interaction with Rajiva Sinha, Chairman of the Rajiva Sinha Foundation (RSF), on 17 November 2025. MCCI has signed an MoU with RSF to support innovators and entrepreneurs through joint initiatives. Sinha highlighted RSF's role in bridging industry and government, with focus on CSR and ESG, and announced the upcoming "Tiger's Speech" business idea show. The session ended with a Vote of Thanks.

**New Guidelines Issued for SIR Processing of Undertrial Prisoners in Bengal Jails**

**MI News Service, Kolkata:** The state Correctional Services Department has issued a new set of guidelines for SIR process for undertrial prisoners, ensuring that no individual is left out during the special voter list verification drive. The order emphasizes that family members visiting prisons for form submission or completion must receive full assistance from jail authorities, including welfare officers and designated staff. The directive, issued by ADG (Correctional Services) Lakshminarayan Meena, has already been circulated to all correctional facilities across West Bengal. Official sources said the state's 62 correctional homes currently house nearly 25,000 inmates, a significant portion of whom are undertrial prisoners. Each of them has now been given the opportunity to complete the required documents for the enumeration process. In several correctional homes, family members have already visited with the forms, after which jail staff helped complete them and kept the documents safely for onward processing. Gautam Roy, Superintendent of a district correctional home, confirmed the development, stating that the ADG sent a formal directive on Saturday. The order clearly mentions that if the family of any inmate wants an SIR form signed, prison authorities must facilitate the process without delay.

**Kolkata Police Transfers 21 Inspectors in Major Reshuffle**

**MI News Service, Kolkata:** A major reshuffle has been carried out within the Kolkata Police, with as many as 21 Inspectors transferred across various police stations in the city. Lalbazar, the headquarters of Kolkata Police, issued the large-scale transfer order, affecting several Officer-in-Charge (OC) and Additional Officer-in-Charge (Addl. OC) positions. The move is part of an administrative revamp aimed at strengthening policing and improving operational efficiency across key zones. According to police sources, Birshwar Roy, who previously served as the Additional OC of Maniktala Police Station, has been appointed the new OC of Taltala Police Station. Manish Majumdar, Additional OC of Sinter Police Station, has taken charge as the OC of Ultadanga Police Station. At Tollygunge Police Station, Additional OC Rajib Chatopadhyay has now been promoted to serve as the station's Officer-in-Charge. Similarly, Bipul Biswas, former Additional OC of Bansdroni Police Station, has been posted as the new OC of Tangra Police Station. Ashis Basu, who was Additional OC at Muchipara Po-

lice Station, has taken over as OC of North Port Police Station. Several postings involve shifts among additional OCs. Rajib Sarkar, Additional OC of Tangra, has been transferred to Muchipara in the same position. Prashant Kumar Das, who served as Additional OC of Taltala, has been moved to Parnasree Police Station in the same rank. At Bansdroni Police Station, Deepak Mondal has been appointed as the new Additional OC. Other key transfers include Prashant Kumar Ghosh, who is now Additional OC of Tangra, and Sagar Mukhopadhyay, who has joined Tollygunge as Additional OC. Mirinmoy Majumdar has been posted as Additional OC at Ultadanga, while Subir Saha has taken over as Additional OC of Sinter Police Station. At Parnasree, Prasenjit Dhar has been transferred in as Additional OC, replacing officers who have moved to new postings. He will now serve as Additional OC of Maniktala Police Station. Meanwhile, Partha Pratim Chakraborty has been appointed the new Additional OC of Pragati Maidan Police Station, according to the official communication from Kolkata Police.

**ED raids Al Falah University linked persons in Delhi blast**

**From PG 1** has arrested two persons, stated to be the alleged close aides of "suicide bomber" Dr Umar Nabi. At least nine shell (dummy) companies linked to the group, all registered at a single address, are under the examination of the ED, according to the agency officials. Preliminary findings point to multiple "risk" indicators consistent with shell-company behaviour like no physical presence or meaningful utility consumption at declared places of business and common mobile number and email across various companies and accounts. The ED investigators have also found absence of EPFO/ESIC filings inconsistent with reported scale of operations and overlapping

of directors/signatories and weak KYC trails across entities. Instances of minimal salary disbursement through banking channels and absence of human resource (HR) records part from synchronised incorporation patterns and common contact coordinates across firms have been detected at the varsity, the officials said. In addition, prima facie discrepancies have been noted in claims regarding UGC and NAAC recognition which indicate alleged non-compliance to norms established for educational institutions, the officials said. The Al Falah varsity is located in the Dhouj area of Haryana's Faridabad district, and it is a medical college-cum-hospital.

**Those doing business with Russia will be 'very severely' sanctioned: Trump**

**From PG 1** war machine by purchasing cheap Russian oil and gas," Graham and Blumenthal had said in a joint statement in July. The Republican lawmakers are working on a legislation that is poised to impose sanctions on any country doing business with Russia, with Iran may also getting added to the list. Responding to a question about Republicans drafting a bill to impose fresh sanction countries doing business with Russia, Trump said he strongly supported the proposed new bill aimed at imposing sanctions on

countries that maintain trade ties with Russia, marking a significant escalation in Washington's efforts to squeeze Moscow's economic lifelines. The move is proposed to curb Russia's funding capabilities and thereby put an end to the ongoing conflict in Ukraine. Before leaving Florida to return to the White House, Trump said "The Republicans are putting in legislation that is very tough, sanctioning, etcetera, on any country doing business with Russia. "Any country doing business with Russia will be very heavily sanctioned, he reiterated."

**Fresh Petition in Cal HC Over SSC 2025 Experience Marks**

**MI News Service, Kolkata:** A new petition has been filed in the Calcutta High Court challenging the results of the SSC 2025 recruitment process. The latest case questions the allocation of ten marks for teaching experience, a provision that has largely benefited teachers currently employed in government schools. According to the petitioner, if government school teachers are entitled to receive these additional ten marks based on their work experience, then teachers serving in government-recognized private schools should also be granted the same benefit. The petition has been placed before the Bench of Justice Amrita Sinha for consideration.

The release of the SSC 2025 results for Classes XI and XII has already triggered significant controversy, leading to multiple legal challenges. In fact, two more petitions have recently been filed before Justice Sinha's Bench. During the hearing, advocate Firdous Shamim drew the court's

attention to glaring irregularities in the published list. He pointed out that several candidates who were earlier declared ineligible have now appeared in the final merit list, with some even being called for interviews. Shockingly, the list for Class XI and XII teachers also includes the names of individuals working as clerks, raising serious questions about the screening process. These newly filed matters are expected to be heard later this

week. In another related development, yet another petition has been submitted regarding the treatment of part-time teachers. According to the petitioner, the SSC had clearly stated that part-time teachers would not be awarded any marks for experience. However, the petitioner claims that several part-time colleagues have indeed received experience marks despite this stated rule. Justice Amrita Sinha has agreed to hear this matter as

well, scheduling the hearing for the coming Wednesday. The most widely discussed issue remains the awarding of ten marks for experience, a provision implemented in accordance with Supreme Court guidelines. This very clause has sparked widespread protests from fresh candidates, many of whom have taken to the streets claiming that the allocation has unfairly disadvantaged them. According to the newcomers, the experience marks were granted primarily to favour candidates dismissed from the 2016 panel, resulting in several fresh aspirants missing out on verification calls despite securing full marks in written examinations. Now, the latest petitioner argues that the benefits of the experience-mark policy have been extended exclusively to government-school teachers, leaving out equally qualified teachers from government-recognized private institutions. The case adds yet another chapter to the ongoing disputes surrounding the SSC 2025 selection process.

**MCCI Hosts Slovenia Ambassador for Trade Session**

**MI News Service, Kolkata:** Merchants' Chamber of Commerce & Industry organised a Special Session with Tomaz Mencin, Ambassador of Slovenia in India, on "Bridging Europe and Asia: India-Slovenia Economic Cooperation" on Tuesday at the Chamber. Sheo Shankar Bagaria, Honorary Consul of Slovenia in Kolkata and Past President of MCCI, also addressed the session. Arun Kumar Garodia, Chairman, Council on Foreign Trade, MCCI, highlighted the vast potential for collaboration in green technology, logistics and transport, pharmaceuticals, IT, manufacturing, tourism, and education exchange. He said that joint ventures, business delega-

Tomaz Mencin, Ambassador of Slovenia to India, addressing the Special Session, in presence of Arun Kumar Garodia, Chairman of the Council on Foreign Trade, MCCI, at the Special Session on "Bridging Europe and Asia: India-Slovenia Economic Cooperation" in Kolkata on Tuesday.

tions, and knowledge sharing could significantly strengthen India-Slovenia partnerships. Speaking about India's economic growth, Garodia noted that the India-Middle East-Europe Economic Corridor announced during the G-20 Summit would be a game-changer, boosting continental connectivity and reshaping global trade and investment dynamics. In his address, H.E. Tomaz Mencin stated that Slovenia and India are deepening economic ties, including collaboration on medical instrument manufacturing. A Free Trade Agreement (FTA) between the two countries is also in the pipeline, expected to enhance bi-

lateral trade and investment. He added that the Indian Embassy is actively developing new areas of cooperation. Slovenia, with a population of around 2 million and a per capita income of 35,000 euros, enjoys low-income inequality and a robust EU-member economy. Germany is its primary trade partner, with strong focus on the automobile sector. The Ambassador emphasised opportunities for investors in sectors such as green technology, logistics and transport, pharmaceuticals, and information technology. The session concluded with a Vote of Thanks by Mahesh Chandra Keyal, Committee Member, MCCI.

**Nitish Kumar recommends dissolution of Bihar Assembly**

**From PG 1** Kumar as its leader. He clarified that Nitish would become the next Chief minister. He also dismissed rumours over deputy CM's name. According to the cabinet-sharing formula agreed upon by alliance partners, BJP and JD(U) are expected to receive 16 ministerial berths each, LJP (RV) three, and Jitan Ram Manjhi's HAM and Upendra Kushwaha's RLM one each. While JD(U) will get CM's post, BJP and LJP (RV) are likely to get one deputy CM post each. In the 2025 assembly election, NDA secured a three-fourth majority by winning 202 seats in the 243-member Bihar assembly. Of them, BJP won 89, JD(U) 85, LJP(RV) 19, HAM five and RLM two seats only. "This is almost similar to 2010 assembly election results in which NDA had won 206 seats," said a senior BJP leader. Hindustani Awam Morcha (Secular) supremo Jitan Ram Manjhi and Rashtriya Lok Morcha president Upendra Kushwaha have held separate meetings with Union Minister Dharmendra Pradhan, who was the BJP's election in-charge in Bihar, at his residence here about the formation of the new government. The BJP's in-charge of political affairs in Bihar, Vinod Tawde, was also present when the two NDA allies visited Pradhan's residence later on Sunday. "Met Union Minister and Bihar BJP in-charge Dharmendra Pradhan and Bharatiya Janata Party's General Secretary Vinod Tawde, who worked tirelessly to ensure a massive victory of the NDA in the Bihar Assembly elections, 2025, and congratulated them," Manjhi, who is also a Union minister, said in an X post. He also posted pictures of his meeting with the two BJP leaders. After meeting Pradhan at his residence, Kushwaha, also in a post in Hindi on X, said, "I met Union Education Minister and in-charge of Bharatiya Janata Party in Bihar elections, Dharmendra Pradhan, and congratulated him on the grand victory of the NDA."

Name Change

Railway Reforms for Cement Transportation

MI News Service, Kolkata, 18 Nov.25 : Cement Industry

•Cement production (FY 24-25) 450 Million MT. •Cement production expected 600 Million MT by 2030. •Present bulk cement consumption is 17% of total cement production. Likely to increase 30% by 2030

Cement Transportation by Rail
•Bulk cement consumption is increasing due to higher usage of ready-mix concrete. •Advantages in logistics, •Lower cost of material handling at freight terminals, •Lower secondary transportation cost, •Green logistics through dust-free handling, •Transportation of bulk cement by, •Special Purpose Wagons with dedicated terminals, •Specialized containers

Present Status of Cement Movement by Rail (FY 24-25)
Total Loading 87 MT, Bagged (Covered Wagons) 80 MT, Bulk (Special Wagons & Containers) 7 MT, Rail Co-efficient -Cement 21%, Rail Co-efficient -Bulk Cement 10%

Rationalization of Freight for Bulk Cement in Tank Containers
Existing Rate Structure-Limitations
•Complex Haulage Rate Structure with 5 Weight slabs and 50 plus Distance slabs. •Multiple Rates for haulage : FAK rate, Container Class rate, Special Haulage rate, Empty Haulage rate, •Charging the Carrying Capacity of Container instead of Actual Tonnage, •Higher haulage rates for Short Lead traffic.

New Rate Structure : Simplified and Rationalized
•Charging the actual tonnage i.e. Gross Tonne Kilometer (GTKM) of the train. •Enhancing EODB: Removal of Distance and Weight slabs. •Charging at a Flat Rate of ₹.90 per tonne per km for actual distance. •Promoting Tank Containers for efficient Multi-modal E2E Logistics of Bulk Cement.

Tank Container: An E2E Logistics Solution for Bulk Cement
Features:
•A "Make in India" Product. •Dimension

MI News Service, Kolkata, 18 Nov.25 : In a significant display of alertness and compassion, the Railway Protection Force (RPF) of Eastern Railway has once again demonstrated its strong commitment to child safety and protection. As part of the nationwide initiative "Operation Nanhey Faristey", RPF teams continue to safeguard vulnerable children found in railway premises and trains, ensuring they receive timely care and support.

Eastern Railway's RPF Rescues 10 Children Under "Operation Nanhey Faristey"

MI News Service, Kolkata, 18 Nov.25 : In a significant display of alertness and compassion, the Railway Protection Force (RPF) of Eastern Railway has once again demonstrated its strong commitment to child safety and protection. As part of the nationwide initiative "Operation Nanhey Faristey", RPF teams continue to safeguard vulnerable children found in railway premises and trains, ensuring they receive timely care and support. On 17.11.2025, RPF officials of Sealdah and Asansol Divisions successfully rescued 10 minor boys from trains and station premises at Kolkata and Jasidih Railway Stations. All rescued children were immediately handed over to the concerned Child Help Line for counselling and further necessary action.

Among them, one minor boy was found moving aimlessly at Kolkata Railway Station, while nine others were intercepted at Jasidih station, where they were reportedly travelling to Pune in search of work.

Top Maoist leader among six killed in encounter

MI News Service, Hyderabad: Top Naxalite leader Madvi Hidma who was carrying a reward of Rs one crore on his head, was among the six heavily armed Maoists who were killed during a fierce encounter with security forces in Alluri Sitaramaraju district of Andhra Pradesh, bordering Chhattisgarh, on Tuesday.

Hidma were killed in that fierce encounter in Alluri district today," SP Bardar said. He said Hidma, a dreaded insurgent who heads the People's Liberation Guerrilla Army (PLGA) Battalion 1 of the Maoists, was carrying a massive reward of Rs one crore on his head. Apart from Hidma, the other killed Maoists were Hidma's wife Rajakka, Chelluri Narayana, Suresh SZCM, and Tech Shankar.

Madvi Hidma is said to be the youngest CC member in the outlawed organisation.

member in the outlawed organisation. Hidma was also known for his role in several Maoist attacks, including the 2010 attack in Dantewada that killed 76 CRPF personnel and the 2013 attack in Jhiram Ghati that left 27 people dead. He carried a reward of Rs 1 crore on his head in Chhattisgarh. This encounter marks the second major exchange of fire in the district within six months. In June 2025, three Maoists identified as Uday, Aruna, and Janu, were killed in a similar operation in the same region.

ED attaches nine UAE-based assets in Rs 1266.63-cr SBI fraud case

MI News Service, New Delhi: The Enforcement Directorate (ED) has attached nine luxurious foreign immovable properties located in Dubai (UAE) in the Rs 1266.63 crore State Bank of India (SBI) fraud case allegedly done by Advantage Overseas Private Limited (AOPL), the agency said on Tuesday.

Assam CM Sarma donates blood on occasion of 53rd birthday of late singer Zubeen Garg

MI News Service, Guwahati: Assam Chief Minister Himanta Biswa Sarma on Tuesday donated blood on the occasion of 53rd birthday of late singer Zubeen Garg in Guwahati. Assam Chief Minister Himanta Biswa Sarma on Tuesday remembered late singer Zubeen Garg on his birth anniversary and said the Centre has now granted the legal approval needed to move forward with the case relating to his death in Singapore.

As a tribute to the late singer, his movie titled 'Roi Binale' was released last month at a theatre in Guwahati. After the film got released, director Rajesh Bhuyana expressed his happiness over the response it got from the fans. As a tribute to the late singer, his movie titled 'Roi Binale' was released last month at a theatre in Guwahati. After the film got released, director Rajesh Bhuyana expressed his happiness over the response it got from the fans.

the accused persons within 10th of December 25," the post read. Zubeen Garg, born on November 18, 1972, in Tura, Meghalaya, came from an Assamese family and was closely tied to his ancestral village, Tamulchiga in Jhanji, Jorhat. Though his musical journey carried him across India and abroad, he always kept a deep emotional bond with the landscapes, culture, and vibrant spirit of Assam and the wider North-east.

4 dead after fire breaks out in ambulance

MI News Service, Arvalli: Four people were killed after an ambulance caught fire in the early hours of Wednesday at Ransariyad Circle near Modasa town. According to officials, the ambulance was carrying a newborn baby, his father, uncle and grandmother along with the driver, doctor and a nurse. "The child, his father, the doctor, and the nurse died in the incident, while the uncle, grandmother, and the driver were rescued."

"When global innovation finds home in Bengaluru and Karnataka, it scales for world": Siddaramiah at Tech Summit 2025

MI News Service, Bengaluru: Karnataka Chief Minister Siddaramiah on Tuesday inaugurated the 28th edition of the Bengaluru Tech Summit (BTS) 2025. Chief Minister Siddaramiah welcomed dignitaries, industry leaders, and innovators to the three-day event, themed "Future: To shape the unknown, scale the unimaginable and shift the world forward."

At every stage, Karnataka is powered by one of the world's strongest knowledge ecosystems. We are home to 85 universities, 243 engineering colleges and nearly 1,800 ITIs. The state's workforce demonstrates a low unemployment rate of 4.3%, highlighting productivity and employability," he added. Siddaramiah called on every innovator, researcher, founder, investor, student, and leader gathered to join them in shaping this future.

Multiple courts, CRPF schools in Delhi receive bomb threat

MI News Service, New Delhi: Multiple courts in Delhi, Saket, Dwarka and Patiala House, along with two CRPF-run schools in the National capital, received bomb threats on Tuesday morning, prompting large-scale security checks across the national capital, officials said. Police said an email warning of explosives planted on court premises was received early this morning, following which security teams were alerted to inspect the premises of these district courts.

and the Delhi Fire Services at all locations. "After receiving the call, teams were rushed to both schools and the buildings were evacuated as a precaution," a senior police officer said. He said the caller's phone was switched off soon after issuing the threat, and efforts are underway to trace him. Parallel checks were also carried out at the three court complexes based on the email alert.

Navneet Panwar, Vice President of the New Delhi Bar Association in Patiala House courts, confirmed that a bomb threat had been received by email, following which a sanitisation exercise was conducted. "The court proceedings are on. There was only a brief halt," Panwar said. Meanwhile, there was heavy security in Patiala House courts as Jasir Bilal Wani, NIA's second arrest in the Red Fort bomb blast probe was produced there.

Cancellation of trains

Cancellation of Train on 19.11.2025 (Wednesday) Train No.18125, Rourkela-Puri express.

Department of Youth Affairs highlights progress under Special Campaign 5.0

MI News Service, New Delhi: The Department of Youth Affairs has actively participated in the Special Campaign 5.0, an initiative spearheaded by the Department of Administrative Reforms and Public Grievances (DARPG), which focuses on promoting cleanliness, reducing pendency, and fostering administrative efficiency across Government offices from October 2 to 31.

Department identified pending matters, including MP/VP References, Parliamentary Assurances, Inter-Ministerial Reference, and Public Grievances for resolution. During Phase II (2nd-31st October 2025), owing to various cleanliness drives and space management activities, 2,560 sq ft of space has been freed and revenue amounting to Rs 40,301 through scrap disposal has been generated.

The Department has issued directions to all autonomous bodies, including National Service Scheme (NSS) and My Bharat under this Department, and field officers to effectively review pending Public Grievances.

NOTICE TO APPEAR/ATTEND PROCEEDINGS OF DLM&SFC-LDH Through this Publication This is for Constructive Notice for Respondent Ms Shantika Garments, #5n, 14, Nityadham Mukherjee Road, Howrah Maidan, Howrah- Kolkata to appear in person or through Authorized representative before The District Level Micro & Small Facilitation Council, Ludhiana, District Industries Centre, Ludhiana on 24.11.2025, 10:00 AM regarding claim reference petition submitted by Claimant: M/s Varun Knitwears, Flat No. B32, Tarf Sekhewal Kall Sarak, New Anandpur Colony, Ludhiana Act 2008 bearing Reference No. MSEFCID/02/253373.

# Indian space sector to grow from \$8 billion to \$45 billion in next decade: Jitendra Singh

New Delhi, Nov 18 (IANS) India's space sector is set to grow from the current \$8 billion to \$45 billion in the coming 10 years, said Jitendra Singh, Minister of State for Science and Technology and Department of Space, on Tuesday.

Speaking at the 4th edition of the India International Space Conclave (IISC) 2025 in New Delhi, Singh noted that space will be an important contributor to India's future economic growth.

"Space reforms in the last five years have been a turning point. Our space economy was dispersed and was not even considered a part of the economy. Today, the Indian space economy is \$8 billion, and the pace at which it is moving, the projection is that in the next 10 years, it will go up \$44-45 billion," Singh said.

"In the times to come, space is going to be an important contributor to the growth of India's economy as we move up the ranks. Around 70 per cent of our space-driven applications are for ease of living and with a focus on the common citizen, which is not the specific attention of many countries that are actively working in the space sector," the

Minister added. IISC 2025 is organised by the Indian Space Association (ISPA), in collaboration with ISRO and IN-SPACE.

The event also felicitated Gp Capt Shubhanshu Shukla, the first Indian to land on the International Space Station, symbolising

the nation's pride and the human spirit of exploration.

"When you cross the boundary of space, you are given a number, and I was number 634. But when I came back, kids told me: 'We didn't know that there was an ISS in space

before you went; we cared because you were there.' When you see someone like yourself doing things you find impossible, it gives you the courage to dream. We have established extremely ambitious goals, but for us to achieve that, all of us have to be active participants. The sky was never the limit. Not for me, not for you, and not for Bharat," said Shukla.

Lt. Gen. AK Bhatt (Retd.), Director General, Indian Space Association (ISPA) shared his views on innovation and resilience in India's space sector. He noted that the global countries have shown interest in the Indian space sector.

"We are witnessing growing interest from multiple international trade agencies, signalling expanding opportunities in India's space sector. The coming year will see numerous rocket and multi-sensor satellite launches, reflecting the dynamism of our space ecosystem," he added.

The two-day premier space industry event is expected to bring together senior government officials, global and Indian leaders from industries, agencies, and many innovators and policymakers.

## Study finds key steps in stem cell therapy for rare bowel disease

**LONDON:** Hirschsprung disease patients may benefit from stem cell therapy, according to a recent study conducted by scientists at the Universities of Sheffield and UCL.

In the case of Hirschsprung disease, a small number of nerve cells in the large intestine are absent. Due to the intestine's inability to contract and transport stool, blockages may occur. This may result in constipation and, in rare cases, a dangerous intestinal infection known as enterocolitis.

Around 1 in 5000 babies are born with Hirschsprung disease. The condition is usually picked up soon after birth and treated with surgery as soon as possible however patients frequently suffer debilitating, lifelong symptoms, with multiple surgical procedures often required.

Alternative treatment options are therefore crucial. One option that has been explored by researchers involves using stem cell therapy to generate nerve cell precursors, which then produce the missing nerves in the intestine of those with Hirschsprung disease after transplantation. This in turn should improve the intestine's functionality.

However, this procedure has not been carried out on human tissue from people with Hirschsprung disease until now.

The research, published in Gut and funded by the Medical Research Council, is a collaborative effort between researchers at UCL and the University of Sheffield which began in 2017.

Researchers at the University of Sheffield focused on the production and analysis of nerve precursors from stem cells. These were then shipped to the UCL team, who prepared the patient gut tissue, undertook the transplantation and maintenance of the tissue and then tested the function of the tissue segments.

The study involved taking tissue samples donated by GOSH patients with Hirschsprung disease as a part of their routine treatment which were then cultured in the lab. The samples were then transplanted with stem cell-derived nerve cell precursors which then developed into the crucial nerve cells within the gut tissue.

Importantly the transplanted gut samples showed increased ability to contract compared to control tissue suggesting improved functionality of the gut in those with the disease.

Principal Investigator, Dr Conor McCann (UCL Great Ormond Street Institute of Child Health) said: "This study is a real breakthrough in our cell therapy work for Hirschsprung disease. It really shows the benefit of bringing the expertise of different groups together which will hopefully benefit children and adults living with Hirschsprung disease in the future."

Dr Anestis Tsakiridis, Principal Investigator at University of Sheffield said: "This has been a fantastic collaboration, led by two talented early career scientists, Dr Ben Jevans and Fay Cooper. Our findings have laid the foundations for the future development of a cell therapy against Hirschsprung disease and we will continue our efforts to bring this to the clinic in the next few years."

The results of this study demonstrate for the first time the potential of stem cell therapy to improve the functionality of the intestine in those with Hirschsprung disease which, in turn, could lead to improved symptoms and better outcomes for individuals with the disease.

## India re-elected to Codex Executive Committee reaffirms collaborative global food governance

**New Delhi:** India has been re-elected to the Codex Executive Committee (CCEXEC) for the Asia region, securing unanimous decision by the global members which confirms the country's collaborative leadership role until the end of CAC50 (2027) -- thus ensuring the technical and trade priorities of the Asian continent are represented at the highest level, it was announced on Tuesday.

The Codex Alimentarius Commission (Codex) is the international food standards setting body established by the United Nations' Food and Agriculture Organization (FAO) and the World Health Organization (WHO).

India concluded a productive session at the 48th Codex Alimentarius Commission (CAC48), securing a unanimous mandate that highlights its commitment to collaborative global food governance, focusing on efficiency, data management, and the development of equitable standards.

The Indian delegation, led by Rajit Punhani, Chief Executive Officer of the Food Safety and Standards Authority of India (FSSAI), alongside representatives from the Ministry of Health and Family Welfare and technical expert organisations, achieved several key strategic outcomes.

"Earlier in the week, during the CCEXEC89 session, India, as Member Asia, strongly contributed to discussions on Codex efficiency and future challenges," according to the Health Ministry. The country particularly

emphasised the focus on updating and developing databases on food additives, pesticide residues, veterinary drugs, methods of analysis, and contaminants in food.

India also supported the use of modern technologies, including Artificial Intelligence (AI), to improve the efficiency of Codex operations, particularly in relation to document translation.

The delegation was active in defending national and regional interests, highlighting the necessity to consider regional data when developing standards. India played a critical role in advancing several global standards, ensuring their relevance and utility for the region. A major achievement for agricultural trade was securing the advancement of the Standard for Cashew Kernels. India successfully advocated for the resumption of this work, and CAC48 recommended issuing a Circular Letter to collect comments, preparing the proposal for review by CCEXEC90 and subsequent consideration at CAC49. Demonstrating regional influence, India supported converting the regional standard for laver products (Asia) into a worldwide standard and welcomed the new work on a commodity standard for pasteurized liquid camel milk, said the ministry.

The session concluded with India's renewed commitment to working within the multilateral system to foster food safety, quality, and fair trade for all members.

## Study finds chemo medicine may cause significant hearing loss in longtime cancer survivors

**FLORIDA:** Researchers from Indiana University and the University of South Florida performed an interdisciplinary study that produced important results regarding the long-term consequences on cancer survivors of one of the most widely used kinds of chemotherapy.

The study, which tracked a cohort of testicular cancer survivors who received cisplatin-based chemotherapy for an average of 14 years, was published in the Journal of the American Medical Association Oncology. It found that 78 per cent of the survivors have significant difficulties in everyday listening situations, which negatively affects their quality of life. This interdisciplinary study is the first to examine hearing loss progression and real-world listening problems in cancer survivors over an extended length of time.

"It's important that we understand the real-world effects of patients' sensory problems and if we can understand that, then we can develop better therapeutic strategies and preventive measures to improve the long-term quality of life for cancer survivors," said Robert Frisina, distinguished university professor and chair of the USF Department of Medical Engineering.

Cisplatin is commonly used in chemotherapy treatments for a variety of cancers, including bladder, lung, neck and testicular. It is administered intravenously and affects various parts of the body. However, the ears are particularly vulnerable as they have little ability to filter out the drug, causing it to become trapped. This leads to inflammation and the destruction of sensory

cells that are critical for coding sound, causing permanent hearing loss that can progressively get worse well after cisplatin treatments are completed.

Lead author Victoria Sanchez, associate professor in the USF Health Department of Otolaryngology Head & Neck Surgery, said that despite the known risks, there's a nationwide lack of routine hearing assessments for patients undergoing chemotherapy. "Most patients still do not get their hearing tested prior to, during or after chemotherapy. Our study highlights the need for regular auditory evaluations to man-

age and mitigate long-term hearing damage."

The research team found higher doses of cisplatin led to more severe and progressing hearing loss, especially in patients with risk factors, such as high blood pressure and poor cardiovascular health. They also experienced increased difficulty hearing in common environments, such as a loud restaurant. "It will be critically important to follow these patients for life. Their current median age is only 48 years, and eventually they will enter the years at which age-related hearing loss also begins to develop," said Dr. Lois B. Travis, Lawrence H. Einhorn

## Govt launches National Action Plan on Antimicrobial Resistance 2.0

**New Delhi:** Union Minister of Health and Family Welfare on Tuesday launched the second version of the National Action Plan on Antimicrobial Resistance (2025-29) with key strategies to contain antibiotic resistance.

The NAP-AMR 2.0 was released by Health Minister JP Nadda on the first day of the WHO's World AMR Awareness Week (November 18-24) in the national capital. The first NAP-AMR was launched in 2017.

"The NAP-AMR 2.0 is a significant step in tackling AMR through a One Health approach. With participation from over 20 ministries and clear timelines and budgets, stakeholders reaffirmed their commitment to protecting public health," the Ministry of Health said.

"AMR poses significant risks, particularly in surgical procedures, cancer treatment, and other critical healthcare interventions. The overuse and misuse of antibiotics have unfortunately become common practice, underscoring the urgency of corrective measures," Nadda said during the launch.

The NAP-AMR 2.0 addresses the gaps identified in the first NAP-AMR by increasing the ownership of AMR-related efforts, strengthening intersectoral coordination, and ensuring stronger engagement with the private sector. "The updated NAP-AMR includes specific action plans of each key stakeholder ministry/department with timelines and budget to enable effective monitoring of progress in implementation of the national action plan. It also includes well-defined mechanisms for coordination and collaboration within and across the sectors," the Ministry said. "The 'One Health' approach in this action plan has sectoral action as the foundation of intersectoral collaboration and coordination among human, animal, agriculture, environmental, and other relevant sectors over the next five years," Nadda said.

It includes six strategic objectives with sub-objectives and key activities. These include focus on improving awareness and understanding of AMR through effective communication, education and training; strengthening laboratory capacity for AMR detection, surveillance and targeted surveillance of antibiotic residues; reducing the incidence of infection through effective infection prevention and control; optimising the use of antimicrobial agents in humans, animals, and food through uninterrupted access and judicious use of antimicrobials; promoting research and innovations by identifying priorities for basic and operational research relevant to AMR; and focus on strengthening governance, intra and inter sectoral coordination and collaborations on AMR.

After its launch, each stakeholder ministry/department is expected to develop their implementation roadmap, ensuring engagement of the private sector, technical institutions, professional groups, industry, cooperatives, NGOs, international partners, and other relevant organisations, the Ministry said.

## Study finds how new blood test helps improve cancer treatments

**ZURICH [SWITZERLAND]:** The likelihood that treatment will be successful for cancer increases with early detection. Almost every kind of cancer is covered by this. Evaluating the advantages and disadvantages of each type of therapy on an individual basis and keeping a regular eye on treatment outcomes are also essential components of effective patient care.

Oncologists have various techniques at their disposal to accomplish this, including the use of imaging equipment and invasive procedures including punctures, tissue samples, and endoscopic procedures.

An improved technique, a kind of liquid biopsy that examines blood samples rather than organs or tissues, has recently been further developed by researchers at the University of Zurich (UZH) and the University Hospital Zurich (USZ).

The method sequences and analyses DNA fragments circulating in the blood of patients. "Our method can be used in the future for risk assessments, treatment monitoring during follow-up care and early detection of cancer recurrence, in principle for all types of tumors," said Zolt Balazs, co-first author of the study at the UZH Department of Quantitative Biomedicine.

Since the method is based on blood samples, it is less invasive than performing tissue biopsies, for example. Moreover, taking blood samples is fast and more practical in day-to-day hospital operations, as fewer appointments for diagnostic interventions are needed, sparing those affected lengthy waits.

Professor of Cancer Research at Indiana University School of Medicine and a researcher at the IU Melvin and Bren Simon Comprehensive Cancer Center. This research is part of The Platinum Study, an ongoing research effort led by Dr. Travis and funded by the National Cancer Institute to study cisplatin-treated testicular cancer survivors.

The hope is that this study will inspire further investigation into alternative chemotherapeutic protocols and preventive measures, such as FDA-approved drugs to prevent or reduce hearing loss.

"This research gives oncologists the information they need to explore alternative treatment plans that could reduce the long-term side effects, such as altering the dosages and timing of the cisplatin in the treatment, when that could be an appropriate option," Frisina said.

Innovative solutions, such as Pedmark, a new FDA-approved injection that mitigates cisplatin-induced hearing loss in children, represent promising steps forward, according to Frisina.

"We want to protect our hearing or treat a hearing loss if hearing damage occurs," Sanchez said. "Hearing allows us to connect to the world we love. Staying connected through conversations with family and friends, enjoyment of music and entertainment, staying safe and finding pleasure in our vibrant surroundings. Promoting optimal hearing for overall wellness is essential for healthy living."

## Railways Reduces Bulk Cement Freight Charges, Supports Affordable Housing for Poor & Middle-Class Families

● Customized Containers and New Bulk Cement Terminals for Seamless Door to Door Logistics Solution under New Policy

The Union Minister for Railways, Information & Broadcasting, and Electronics & Information Technology, Shri Ashwini Vaishnaw unveiled the rationalization of rates for bulk cement in containers and policy for bulk cement terminals today. The policy is part of Railways Reforms for Cement Transportation.

(GTKM) of the train. To enhance Ease of Doing Business, the previous distance and weight slabs have been removed. Under the revised system, freight is charged at a flat rate of ₹0.90 per tonne per kilometre for the actual distance covered.

The policy promotes the use of tank containers to support efficient multimodal, end-to-end logistics for bulk cement. The Tank Container is an effective end-to-end logistics solution for bulk cement transportation and is a proud "Make in India" product. It is designed with standard dimensions of 20 ft x 8 ft x 8.5 ft, offering a payload capacity of 26 tonnes and a gross weight of 31 tonnes. Each container allows efficient operations with a loading and unloading time of just 25-30 minutes. Its design makes it ideal for seamless multimodal transportation—moving easily from train to trailer and back to train—enabling smooth delivery from the point of production to the point of consumption.

The policy offers several key benefits, including a substantial reduction in cement transportation costs and a significantly smaller carbon footprint compared to road transport, thereby supporting environmental sustainability and reducing road congestion. It enables the movement of large volumes of cement in single consignment and minimizes packaging requirements while reducing material losses from spillage. Additionally, the policy ensures faster turnaround times through mechanized loading and unloading, enhancing overall efficiency in cement logistics.

Shri Ashwini Vaishnaw said, tank containers will be an end to end pollution free logistics solution for bulk cement transportation. The Union Minister said, India is now the world's second-largest freight carrier, having surpassed the USA. The rail network expansion has increased from 4 km per day (during 2004-14) to 12-14 km per day, making it over three times faster. The broad-gauge rail network is now almost 100% electrified. More than 1,300 Amrit Stations are currently being developed across the country, the Union Minister added.

The transportation of bulk cement from manufacturing plants to terminals near consumption centers using specialized wagons is both cost-effective and environmentally friendly. To further support this shift to

The new rate structure has been simplified and rationalized by introducing charges based on the actual tonnage, calculated as the Gross Tonne Kilometre

Policy for Bulk Cement Terminals

## Redevelopment Of Piska Station Under Amrit Bharat Station Scheme

● A Significant Infrastructure Initiative By Indian Railways

MI News Service, Kolkata, 18 Nov.25 : The Amrit Bharat Station Scheme signifies a concerted effort by Indian Railways to modernize its infrastructure in order to elevate the travel experience for millions of passengers. The Amrit Bharat Station Scheme is a long-term plan to improve railway stations across India in a step-by-step manner. Altogether, 72 stations of South Eastern Railway are being developed under this scheme. Detailed plans are made for each station and the work

is done in phases, based on what each station needs. The goal is to make stations cleaner, more comfortable, and easier to use. Piska Railway station under jurisdiction of Ranchi division in Ranchi district, Jharkhand, is among the stations being upgraded under the Amrit Bharat Station Scheme. The redevelopment work aims to transform the modest station with more passenger-centric amenities. The redevelopment of Piska Railway Station is expected to benefit thousands of daily passengers from Ranchi and surrounding areas. Enhanced

Redeveloped Piska station under Amrit Bharat Station Scheme.

## Regulation Of Trains For Maintenance Work At Sealdah Division

MI News Service, Kolkata, 18 Nov.25 : Due to maintenance work, 225 minutes (from 23:45 hrs. of 19.11.2025 to 03:30 hrs. of 20.11.2025) Traffic & Power Block on line no. 05 of Bridge no. 01 between Sealdah & Bidhan Nagar Road stations has been planned. Consequently, following arrangements in train running have been made as under: Cancellation of train on 19.11.2025: 32249 Sealdah-Dankuni local 32252 Dankuni-Sealdah local 31447 Sealdah-Naihati local

31450 Naihati-Sealdah local Short termination / Short origination: 31542 Shantipur - Sealdah local will be short terminated at Barrackpore on 19.11.2025 31511 Sealdah - Shantipur local will be short originated from Barrackpore on 20.11.2025. Moreover, 13106 Ballia - Sealdah Express (journey commencing on 19.11.2025) will be controlled en-route for 90 minutes on 20.11.2025 and 53171 Sealdah - Lalgola passenger will leave Sealdah at 04:15 hrs. instead of 03:45 hrs. on 20.11.2025.

## Pir Munsur Baghdadi Huzur's meeting in Furfura

Nurul Islam Khan : A special prayer meeting was held at the court of Pir Ibrahim Siddiqui in Furfura on Tuesday. This meeting was held in memory of the original founder and winner of the first Aghrahyah court, Bir Ghazi Hazrat Munsur Baghdadi Huzur. Baghdadi Huzur, the ancestor of Pir Hazrat Dada Huzur of Furfura Sharif, came to the Sufi jungle of Molla Para in Hooghly to reform society. During the time of Alaudin Khilji in 695 AH, he fought against the landlords and non-Muslim kingdoms and conquered the entire region and started living here permanently. During the reign of the victorious hero Mansur Baghdadi, Furfura Sharif

was renamed from Farfarah. As a result, in his memory, Pir Janab Ibrahim Siddiqui conducted a Zekeror Majlis in the evening at this meeting. He and his son Pirzada Ishaq Siddiqui were the organizers of the meeting. Kirat and Ghazal were performed in the meeting. Pir Saheb

built a beautiful mosque named after Pir Abu Bakr Siddiqui in the court. Many Pir Sahebs were present at the meeting. Prayers were offered for the welfare of the people of the whole world. The meeting lasted until midnight. People from different districts attended the meeting.

## ETGE condemns Syrian govt's alignment with China, calls move a "betrayal" of Uyghur fighters

MI News Service, Washington: The East Turkistan Government-in-Exile (ETGE) has strongly condemned the HTS-dominated Syrian government for aligning with the People's Republic of China on what both sides describe as "security" and "counter-terrorism" cooperation.

In a statement released on X, the ETGE said the agreement directly supports China's ongoing "genocide, colonisation, and occupation" of East Turkistan. According to the ETGE, the move represents a profound betrayal of Uyghur fighters who took part in the Syrian revolution. The group claims that thousands of Uyghur militants played a crucial role in enabling Hayat Tahrir al-Sham (HTS) to seize territory and ultimately overthrow the Assad regime in parts of north-western Syria.

The ETGE alleges that tens of thousands of Uyghurs were initially lured into the "Turkistan Islamic Party" (TIP) by Chinese and Turkish intelligence networks under the false promise that supporting the Syrian revolution would lead to later assistance in liberating East Turkistan. These fighters were deployed alongside Jabhat al-Nusra, later rebranded as HTS, where thousands were reportedly used as "cannon fodder" in major battles against Syrian government forces.

The ETGE maintains that the TIP, founded in Pakistan in 1997, with Islamabad described as China's "all-weather ally", is a Chinese intelligence false-flag operation created to undermine East Turkistan's independence movement by linking it to global jihadist networks. Since its formation, the ETGE claims, the TIP has diverted Uyghurs from their national struggle and provided Beijing with a manufactured justification for branding Uyghurs as terrorists.

Syrian revolution would lead to later assistance in liberating East Turkistan. These fighters were deployed alongside Jabhat al-Nusra, later rebranded as HTS, where thousands were reportedly used as "cannon fodder" in major battles against Syrian government forces.

## Nearly 100 Palestinians died in Israeli prisons in two years, true toll likely higher: Human rights group

MI News Service, Tel Aviv: At least 98 Palestinians have died in Israeli custody since October 2023, and the real number is likely higher, CNN reported, citing Israel-based rights group Physicians for Human Rights-Israel (PHRI)'s new report. The group claimed the death toll is almost certainly undercounted because many people detained in Gaza are still unaccounted for.

The report by Physicians for Human Rights - Israel (PHRI) is based on official Israeli records and data obtained through freedom of information requests, which it cross-referenced with forensic reports, interviews with family members and lawyers, testimonies from detained Palestinians, information published by other human rights groups and other individual inquiries to locate specific detained persons.

According to the report, Palestinians died in custody due to physical violence, medical neglect, PHRI found that 46 Palestinians died in the custody of the Israel Prison Service since the outbreak of the war and that at least 52 Palestinians - all from Gaza - died in Israeli military custody, as per CNN.

redevelopment work. Upgraded facilities at Piska Stations: New Station Building, New Circulating Area, New Parking Area, New Lifts, New 12 metre wide Foot Over Bridge, Improved Approach Road, Welcome Gate, Divyangjan facilities i.e. Ramp, Booking Counter, Water Booth, parking area, Toilet and Tactile Tile etc. New Platform shelter, Platform surfacing, Water booth, New Booking Counter, Waiting Room, Painted in theme of local Art & Culture, Seating Arrangements.

## Eastern Railway Ushers in New Era of Seamless Suburban Commuting on Sealdah Division

MI News Service, Kolkata, 18 Nov.25 : Eastern Railway, Sealdah Division (ER) today implemented a significant upgrade and rationalization of its suburban services, introducing new trains (AC and EMU), extending popular AC Local services to weekends, and implementing route augmentations designed to eliminate confusion and drastically improve last-mile connectivity for thousands of daily commuters.

The changes, which will initially be implemented as special services, focus on enhanced connectivity, particularly for late-evening travellers and weekend excursions. New AC EMU Locals for Enhanced Comfort and Connectivity

Sealdah division is introducing a brand-new AC EMU Local service between Sealdah and Kalyani (KYI). This service specifically targets the crucial late afternoon hours, offering commuters a comfortable and modern travel option. This strategic introduction is particularly beneficial for the Kalyani area, which is a significant for educational and medical hub. The service will provide much-needed, high-quality connectivity for Students and patients. The service from Sealdah to Kalyani (SDAH Dep. 15:10, KYI Arr. 16:32) and Kalyani to Sealdah (KYI Dep-17:02, SDAH Arr-18:20) on Monday to Saturday with enroute stoppages at Bidhannagar, Dumdum, Belgharia, Sodepur, Khardah, Barrackpore, Shyamnagar, Naihati and Kanchrapara.

AC Local Comfort Extended to Weekends

Responding to high demand and aiming to facilitate family travel and weekend outings, the popular New AC EMU Local (Special) service between Sealdah (SDAH) and Krishnanagar City Jn (KNJ) is being extended to Sundays.

Trains currently terminating at stations between Barasat (BT) and Bongaon (BNJ), such as Duttapukur, Thakurnagar and Gobardanga are being considered for extension up to Bongaon (BNJ). This operational rationalization ensures that passengers heading towards Bongaon will no longer have the tension of needing to confirm which specific train to catch during peak time, as the majority of services in that direction will be extended to the main terminal station in near future.

The service from Sealdah to Krishnanagar (SDAH Dep-11:55 and Arr KNJ-14:20), from Krishnanagar City Jn to Sealdah (KNJ Dep. 15:57, SDAH Arr. 18:20) will now run on Sunday as well, in addition to the existing Monday to Saturday schedule for the Kalyani-Krishnanagar AC Locals. This extension will enable families to use the modern, comfortable AC Local service for their weekend journeys, making travel more pleasant and accessible.

Additional Passenger Facilities

In line with the commitment to accessibility, the following additional stoppages have been proposed for the Ranaghat-Bongaon-Sealdah AC Local: Gopal Nagar and Bamangachhi. In this context DRM Sealdah Sri Rajeev Saxena stated that these comprehensive improvements reflect Eastern Railway Sealdah Division's commitment to prioritizing passenger convenience and modernizing our infrastructure. The new Dumdum Cantt. train connection those using the Kolkata Metro, ensuring a smooth transition to reach their destinations after a long day, while the Sunday AC service extension offers a quality travel experience for families.

A major highlight is the introduction of a new train service aimed at providing seamless connectivity for passengers using the Kolkata Metro. A new Dum Dum Cantonment (DDC)-Bongaon (BNJ) Local will depart DDC at 20:05

## Russia displays Su-57E aerobatics, introduces new defence systems at Dubai Air Show 2025

MI News Service, Dubai: The Russian Sukhoi Su-57 and Kamov Ka-52 attack helicopter showcased aerobatic manoeuvres at the Dubai Air Show 2025 held at Al Maktoum International Airport. The aerial displays also included the UAE Air Force and Air Defence aerobatics team Fursaan Al Emarat, HAL Tejas and the Indian Air Force's Surya Kiran aerobatic team, which also performed at the event.

holding companies, including Rosstec's United Aircraft Corporation, United Engine Corporation and Radio-Electronic Technologies Concern, along with systems from Almaz-Antey Air and Space Defence Corporation and the Tactical Missiles Corporation. Rosoboronexport Director General Alexander Mikheev said the company will showcase more than 850 Russian products, describing them as highly intelligent systems aimed at enhancing defence capabilities. Over 30 of the most in-demand systems are on static display, and the company will hold talks with delegations from armed forces in the Middle East, North Africa and other regions to advance supply and technology cooperation. As part of the Russian showcase, the Su-57E fifth-generation fighter developed by UAC is being unveiled in the Middle East for the first time, with its performance demonstrated in the airshow's flight display. Mikheev said Russia is "the only country that offers not only the supply of fifth-generation fighters but also the localisation of Su-57E production on the territory of a foreign customer." The fighter is displayed alongside air weapons including RVV-MD2 air-to-air missiles, Kh-38ME, Kh-69 and Grom-E1 air-to-surface missiles, the Kh-58UshKE air-to-radar missile and the RVV-BD extended-range air-to-air missile.

## SUB JR WOMEN HOCKEY ACADEMY C'SHIP: ROUNDGLASS, PRITAM SIWACH AND SPORTS HOCKEY ACADEMY WIN ON DAY 4

KARNAL : Roundglass Punjab Hockey Club Academy, Pritam Siwach Hockey Academy, Sonapat and Sports Hockey Academy of Khalsa's Kolkata recorded wins on day four of the 3rd Hockey India Sub Junior Women Academy Championship 2025 as Zone A & B witnessed comprehensive performances at the Kailash Hockey Stadium in Karnal, Haryana on Tuesday.

Beginning the day with Pool A, Roundglass Punjab Hockey Club Academy secured a 6-0 win against Citizen Hockey XI. Navdeep Kaur (7', 26', 28', 51') scored four goals, while Taniya Chandeliya (53') and Gurbaksh Kaur (57') also contributing for their side.

In the same pool, Pritam Siwach Hockey Academy, Sonapat defeated Vadipatti Raja Hockey Academy 20-0. Diya (10', 11', 21', 35') and Navya (48', 49', 51', 60') scored four goals each, while Avni (5', 12'), Nancy Saroha (10', 38'), Mauki (16', 17') and Anshika (13', 23') scored braces. Sanjana (6'), Chanchal (30'), Geetika (32'), and Aarti (56') also got on the score-sheet. Late last evening in Pool C, Sports Hockey Academy of Khalsa's Kolkata registered a 1-0 win against Jai Bharat Hockey Academy with Quosish Khatoun (44') scoring the only goal of the game.

## WORLD BOXING CUP- ARUNDHATI CHOUDHARY KNOCKS DOWN TRIPLE WC MEDALLIST LEONIE MULLER, FIVE INDIANS ENTER FINAL

GREATER NOIDA : Arundhati Choudhary delivered one of the most commanding performances of the tournament, stopping Germany's Leonie Muller-a medallist at all three stages of the 2025 World Boxing Cup to headline a sensational Day 3 for India at the Shaheed Vijay Singh Pathik Sports Complex.

Arundhati's statement win set the tone for a flawless session, during which Minakshi, Ankush Phangal, Parveen, and Nupur all booked their places in the finals.

Arundhati, the former Youth World Champion and Strandja medallist, competing after a 1.5-year break, showed no signs of rust. She controlled both opening rounds with clean aggression, dropped the German powerhouse once in the second, and knocked her down again in the third to seal a comprehensive win and book her place in the final.

Addressing her dominant performance, Arundhati said, "I have

made my international comeback after a year-and-a-half, and I am delighted to be back with an RSC win. I was nervous to begin with, because my last international experience was

a loss in the Paris (Olympics 2024) qualifiers before I underwent wrist surgery. But I told myself, 'This is what I have been waiting for,' and now I am back!" World Champion

Minakshi (48kg) continued her exceptional form with a near-perfect 5:0 win over Korea's Bak Cho-rong. She fought with energy and verve, maintaining a tight defensive struc-

ture while landing sharp, accurate punches that helped her clearly take all three rounds. Ankush Phangal (80kg) added another dominant 5:0 victory, overwhelming Australia's Marlon Sevehon with his pace and pressure, while Nupur (80-kg) kept India's momentum rolling by outboxing Ukraine's Mariia Lovchynska with sustained dominance from start to finish. Parveen (60kg) delivered one of the day's biggest upsets, edging past Poland's World Boxing Cup silver medallist Rygielska Aneta Elzbieta in a tense 3:2 decision, showcasing strong ring-generalship in crucial exchanges. In session 5, Preeti (54kg) faces a major test against Olympic medallist and three-time World Champion Huang Hsiao-Wen. Saweety Boora (75kg) takes on Australia's Emma-Sue Greetree, with Narender and Naveen also chasing finals spots. Abhinash Jamwal opens his campaign against Ukraine's Elvin Aliiev.

## Stuart Broad admits he still has no answer to Steve Smith puzzle

NEW DELHI : Stuart Broad has conceded he still does not know how to dismiss Steve Smith, warning that the Ashes could turn into a "long series" for England if they fail to remove Australia's premier batter early.

Speaking on the For the Love of Cricket podcast, the retired England great was blunt about the challenge Smith continues to pose. "I remember he got this big two hundred (239 in Perth in 2017) and I did not miss the middle of his bat for three days," Broad said. "Every ball I tried to bowl just hit the middle of his bat."

Smith, 36, remains one of modern cricket's most prolific Test batters, averaging 56.01 in Ashes cricket with 12 centuries. His performances have shaped several series, including the 2017-18 and 2019 contests where he piled up 687 and 774 runs respectively. Broad dismissed him 11 times in Tests - more than any other bowler - yet the former England seamer says he still cannot identify a clear method to get him out. "Obviously (Smith's) technique's changed throughout, but I still can't sit here and go 'well this is how you get him out,' he admitted. "That's an unbelievable strength of his. He's incredibly difficult to bowl at. Sometimes you don't feel like you've bowled a bad

ball and it still goes for four."

Smith's career average of 56.02 climbs to 59.70 at home, reinforcing the scale of England's task. Only Ricky Ponting (41) has more Test centuries for Australia than Smith's 36.

Although his form dipped between June 2023 and December 2024, when he went 23 innings without a hundred, he regained his touch with two centuries against India last winter and twin tons - 141 and 131 - against Sri Lanka early in 2025. After a two-month break, he

resumed his Ashes preparation in late October with a commanding 118.

Broad believes England must keep Smith's output significantly below his career numbers to have a chance. "To win the series, we have to keep him (his average) to under 50, don't we?" he said. "He's gonna score a hundred, it's what he does. (If) he averages 40, that's at least 15 under his career average, so you're doing brilliantly. I think you have to get him early. If England aren't celebrating in his first 40 runs, it's going to

be a long series."

Over 14 years of Ashes battles, England have tried numerous plans to counter Smith's unorthodox technique - attacking his stumps, bowling wide of off stump, using leg-gully traps and developing specific deliveries. Broad recalled one such tactic in 2019. "I remember Jason Roy was fielding there at leg gully, and he was diving left and right for the first 30 balls, just missing him there, just missing him there. Smith got away, got two hundreds in that game, unbelievable innings."

Ahead of the latest showdown, England's hopes may rest on Jofra Archer, who faces Smith in Tests for the first time since his fiery 2019 spell at Lord's when a bouncer felled the Australian. Smith later emphasised Archer did not dismiss him - he retired hurt and was out lbw to Chris Woakes - although Archer did remove him in an ODI in 2024. Broad wonders if the speedster could again trouble Smith.

"Can Jofra Archer be that guy? Nicking him off from back of a length, just chasing it," he said. "Because Jofra Archer has that angle of nipping back towards the stumps, can he nip one away? Smith's looking for the nip-backer."

## Digboi Masters: Yuvraj Sandhu hits front with classy 65 in round one

DIGBOI : PGTI ranking leader Yuvraj Sandhu announced his return to one of his favourite venues, the Digboi Golf Links, with a classy seven-under 65 to take a two-shot lead in round one of the Rs 1 crore Digboi Masters 2025.

Yuvraj, a two-time winner of the IndianOil Servo Masters (2021 & 2022), mixed eight birdies and a bogey in his opening round of 67 at the venue where he won his first PGTI title back in 2021.

Five golfers were bunched in tied second place with scores of 67. This lot included former champion Veer Ahlawat (2019), twenty-year-old Anshul Kabthiyal, Shivendra Singh Sisodia, Yuvraj Singh and Bangladeshi Md Somrat Sikdar.

Yuvraj Sandhu accumulated four birdies on the back-nine as a result of some top-class chip-putts. The swirling wind on the first hole led to Yuvraj's only bogey of the day. However, Sandhu, who hit 17 greens in regulation on day one, came roaring back by adding four birdies thereafter including a tap-in on the second where Yuvraj's excellent tee shot negated the tough pin position.

Yuvraj said, "It's great to be back in Digboi as I have fond memories of this place. I learnt my golf in the North-East so I'm familiar with the conditions here, especially the grass that we're playing on. I've also played on

similar grass in Taiwan on the Asian Tour. My ball-striking was just outstanding today. I couldn't have asked for a better start and now my focus will be on building on this solid foundation."

Shivendra Singh Sisodia posted a 67 featuring two eagles on the ninth and 11th, one coming from a 15-foot conversion and the other from a chip-in.

Anshul Kabthiyal kept his card clean as he produced an eagle and three birdies for his 67.

Veer Ahlawat's 67 featured seven birdies with two bogeys.

Dulal Kalowar of Digboi was the highest-placed among the local professionals after he shot a 72 to be tied 24th.

## KIMMICH URGES UNITY AFTER GERMANY SEAL 2026 WORLD CUP BERTH

BERLIN : Joshua Kimmich carried a relaxed grin as he spoke to reporters after Germany booked its place at the 2026 FIFA World Cup with a commanding 6-0 win against Slovakia.

Small gestures matter, he said, especially when it comes to shaping a winning culture. For Newcastle striker Nick Woltemade, that gesture takes the form of a cartoon frog, reports Xinhua.

"I always send him a Fritze cartoon in a celebration pose when he scores for Newcastle," the 30-year-old captain said, referencing the mascot of Woltemade's former club Stuttgart.

Kimmich's early presence set the tone on Sunday, a decisive tackle in the 15th minute and a pinpoint cross three minutes later helped Woltemade open the scoring. The silly message afterward, Woltemade admitted, helps settle nerves.

"Funny, but I'm already waiting for him after our club games," the striker said with a grin.

Keeping the squad in sync feels like a second job for Kimmich, who has been shuffled between midfield and full-back while continuing to produce standout performances.

"Before kick-off, I told the boys, the World Cup is the biggest thing for a footballer," he said.

Kimmich praised the resurgence of Florian Wirtz and the form of winger Leroy Sane, noting that chemistry off the field fuels the confidence fans now see.

"They have fun together," he said. Of Sane, he added, "the most robust player I know. It's our job to get him in a positive mental state."

He also called attention to the next generation: Felix Nmecha of Borussia Dortmund, Frankfurt's Nathaniel Brown, RB Leipzig midfielder Assan Ouedraogo, and Bayern prospects Lennart Karl and Tom Bischof.

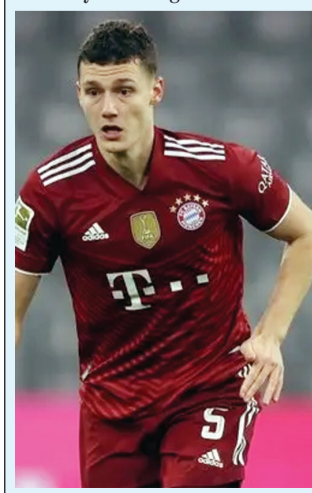

The message has landed.

"He told me about his desire once to play a last-16 match at a World Cup and much more. His words really caught me deeply," Dortmund defender Nico Schlotterbeck said.

Kimmich kept his final words grounded.

"We have to care for our clubs and our individual performance level to then head for the World Cup," he said.

Germany faces Cote d'Ivoire next in a March friendly in Stuttgart.

## FIDE World Cup 2025: Arjun Erigaisi, Wei Yi quarters heads to tiebreak; Nodirbek seals semis spot

PANAJI : GM Arjun Erigaisi could not convert his advantage in the middle game and had to settle for a draw in the second game against GM Wei Yi as their FIDE World Cup 2025 quarterfinal heads to a tiebreak. Having played a quick draw with black on Monday, Arjun expectedly looked for a win with white and it looked like the highest ranked player left in the competition had gained an upper hand in the middle game.

At that stage, the chess engines were suggesting a bishop sacrifice as the top move to drive home the advantage but Arjun went with a relatively steady queen to d2 and Wei then defended well to ensure that there was no other result possible.

Arjun will begin the tiebreak

with black pieces on Wednesday and should be the favourite to advance in the rapid format.

Two more quarterfinals will head to the tiebreak as GM GM Andrey Espenko split the point against GM Sam Shankland after 37 moves while the match between GM Jose Eduardo Martinez Alcantara and GM Javokhir Sindarov ended after just 25 moves with the game lasting just 18 minutes.

Uzbekistan's GM Nodirbek Yakubov was the only player to advance to the semi-finals after the two classical games as he drew the second game against GM Alexander Donchenko of Germany in 57 moves. Nodirbek had won the first game with white pieces.

## Pranavi becomes first woman to lead at IGPL, shares honours with Kochhar

MUMBAI : Pranavi Urs became the first woman player to hold a share of the lead at any point on the IGPL Tour. With a round of 6-under 62, she shares the lead with Karandeep Kochhar after the first day of the IGPL Invitational Mumbai.

Pranavi, playing her first IGPL event, has in the past won at the Bombay Presidency Golf Club but on the Hero Women's Pro Golf Tour. She produced a sizzling round of 6-under 62 at the Par-68 BPGC course.

Pranavi, who had eight birdies against two bogeys, is tied at the top with her boyfriend, Kochhar, who a few minutes earlier finished eagle-par-eagle for his 62.

Kochhar had two eagles, three birdies and just one bogey on the fourth. Kochhar, playing only his second IGPL event, and Pranavi, making her IGPL debut, have been seeing each other for a little over two years. They will now get to play the second round together.

Pranavi plays on the Ladies European Tour, while Kochhar is assured of an Asian Tour card next season.

It was a great day for the women golfers, as four of them figured in the top 10. Pranavi was the leader, while Vani Kapoor was T-6 alongside Durga Nittur and Ridhima Dilawari was T-9. Trailing the co-leaders is twice winner, Aman Raj, who is also the IGPL Order of Merit leader, with a 4-under 64 to be third.

Kartik Singh, who has been having a great season, despite not winning, is tied fourth with 3-under 65 which started with a birdie on the first and a bogey on the third followed by six pars. On the back nine, he had four birdies against one bogey. "It was a good day, but a lot of putts did not fall," said the teen golfer.

Pranavi was happy with the day's work. She said, "Overall, my game was good, the hitting was good, and my putting was good. So it just makes my life a lot easier, hitting the fairways and the green, because that's the key on this golf course. It's not that long for me, but to keep it in the fairway is something that I had to do today," said Pranavi.

Pranavi had three birdies in a row twice - first from fourth to the sixth but had back-to-back bogeys after that. Then again she birdied from the 10th to the 12th as she had five birdies on the back nine.

She added, "I think I hit the ball well, and I gave myself a lot of opportunities, and which

is good, and that's what you need to. There were some real good runs like twice I had three birdies in a row."

On whether Kochhar and she discuss golf a lot, she said, "We discuss to a limit, like, we don't overdo it to each other. He doesn't tell me what to do, and I don't tell him really what to do. "We make our own decisions, but if, you know, I'm confused or if he's confused, then we obviously have a pros and cons kind of conversation and we kind of figure it out."

On the upcoming second round, she laughed and added, "We often discuss our game with each other but tomorrow we will try to beat each other."

Kochhar, who is coming in from his maiden International win in Egypt, said, "I think I hung in there pretty much all day. I didn't have my 'A' game at the start, I would say but started with a good birdie on the first. But then I dropped a shot on the fourth with a mistake. I got unlucky with my drive in the middle of the fifth when it was a mud ball and couldn't do much for that. I was able to make like a 30-yard up-and-down which was really good. Then I had a birdie on the eighth."

"And then just kind of kind of went about my business, being one birdie in the middle and I think got a little hot in the end, finishing

eagle-par-eagle in the last three holes."

On his finish with two eagles in the last three holes, he said, "Got lucky on 16, I mean, I had a good putt obviously, but it was like 40-50 feet away and it kind of just went in the middle of a hole. I hit really two great shots on the last one, on the 18th, which has a narrow fairway but is a short hole for par five, but you really have to be in the fairway. I was able to hit my second to 4-5 feet for the putt (eagle)."

Aman Raj (64) finished birdie-birdie at the finish to be third. He said, "It was a nice finish with birdie-birdie and 4-under was a decent score. There were a lot of nice pars I saved, so overall a good day. In the period that I had two wins (Jaipur and Kolkata), I was tired because I had played quite a few weeks in a row, so Jamsheer was not so great, but this week again I am feeling nice and rested and it showed today."

Overall, Kartik was tied fourth with Shaurya Binu (65) while Pukhraj Singh Gill, Vani Kapoor and Durga Nittur were tied sixth with 2-under 66 each.

Amateur Ranveer Mitroo (67) was tied ninth with Ridhima Dilawari, Sachin Baisoya, Saarthak Chhibber, Manav Shah, Shat Mishra and the legendary SSP Chawrasia. They all shot 1-under 67 each.
